

A new trust building for the Cape Cod Five was designed with a strong traditional Cape Cod style both on the exterior and interior. Great attention to detail and exquisite craftsmanship went into this space. Estate quality landscaping and Federalist style architecture nestles elegantly into a quaint Cape neighborhood. Its entry features a charming two-story balcony and an ornate curved staircase, centered on a reception area. Rich woods, oval stairways, fireplaces and double story spaces along with fine furnishings makes this building a great place to visit and do business.
